**DUMPED & ABANDONED DOGS - RESCUED**

These six scared and unsocialized dogs were dumped this fall at the wetlands on

Dixon Lake. We spent weeks trying to catch them and finally just before Christmas we were able to humanely trap and rescue them. They are doing well and becoming more and more social and trusting of people.

Heartland Small Animal Rescue took the two females into their care, so we are in need of loving, patient homes for the four boys. If you are interested in helping with the placement of these precious pups, please call the shelter at 574-936-8300.

We count on YOUR support to continue our life-saving work. As a non-profit organization our dedicated staff and volunteers work tirelessly on behalf of local homeless animals. And our efforts are paying off. Our biggest goal is reducing the number of animals that end up in our shelter. Our dream is that one day there will be enough loving homes for all of the animals in our care. We *Thank you* for helping us realize this dream. Whether you are able to volunteer a lot, a little, or even no time to our activities, your membership is important to us. Your dues and donations help to keep our programs going!
